

How to Make Mobile Deposits

Deposit checks in a snap—safely and securely through our mobile app.

Through the mobile app, you'll be able to easily make new check deposits and view information about previous ones. Learn how to do both below.

How to Make a New Deposit

1. Log into the mobile app.
2. Select the **Deposits** icon, then select **New Deposit**.
3. Choose the account you would like to deposit into. Only eligible accounts will be listed.
4. Enter the amount of the check in dollars and cents. For example, a \$100 check would be entered as 100.00. Select **Continue** when ready.
5. Once the amount is processed, your phone's camera will automatically launch to capture an image of the check. Make sure the check is endorsed, then place it on a flat surface in a well-lit area. An unendorsed check will not deposit properly.
6. Take a picture of the front of the check by pressing the camera icon in the bottom right corner. If the image is clear and crisp, select **Use** in the bottom right corner. If the image is blurry or dark, select **Retake** in the bottom left corner until you have a clear image to use.
7. Repeat the same steps to photograph the back of the check.
8. The next screen will ask you to confirm the deposit details. Select **Confirm** to submit the deposit or **Cancel** to cancel.
9. The **Deposit Pending** confirmation screen will display. Make note of the confirmation number in case you need to contact us regarding the status of the deposit.

Please note deposits made after 7:00 p.m. CT will be processed the next business day.

TIP

For best results, take the photo from above while standing up. Make sure all four corners of the check can be easily seen within the window.

How to View Previous Deposits

1. Log into the mobile app.
2. Select the **Deposits** icon, then select **View Deposit History**.
3. You can then use the buttons at the top to cycle through All, Pending, Failed, and Accepted deposits.
4. Selecting an individual deposit will bring you to a screen that shows the detail of what account the deposit was made to, the amount of the deposit, and the date of the transaction.
5. Select **View Check** to review photos of the front and back of your deposited check.

TIP

You can also view past deposits by going to an account's Transaction History and tapping any transaction with a check icon next to it.
